Feeding Directions

Power Pack Senior is designed to be fed to mature horses at a rate of 1 to 3% of body weight along with good quality hay or a mixture of 50% alfalfa and 50% grass hay. Provide abundant, fresh supply of water.

FEATURES

- Textured feed
- Higher Vitamin E
- Correct amino acid ratios
- Consistent feed source
- Added soy oils

BENEFITS

- Form that horses love!
- Boosts immune system and plays a role in fat stabilization and longevity
- Sustains fetal development and mild production in brood mares
- Processed molasses reduces warm weather molding and cold weather freezing issues
- Keeps hair coats shiny and healthy
